2026 Edition · Indicative Pricing · Final price depends on agreed scope

SECTION 01 How This Catalog Works

This catalog lists the services and ready-made products I build for small and mid-sized businesses. Each item shows an indicative price range so you can see roughly what to expect before we even talk.

IMPORTANT: The prices in this catalog are NOT FINAL. The actual price for your project depends on the agreed scope: how many tools you need to connect, how much data we handle, how custom the design needs to be, your deadline, and the level of support you want. After a free 30-minute call, you receive a fixed written quotation made specifically for your business.

Two Ways To Work With Me

CUSTOM BUILD

Built For Your Business

Tailored from scratch around your exact workflow, branding, and tools. Higher one-time cost, fully owned by you.

- Discovery and scoping workshop
- Custom design, custom logic, custom integrations
- You own the source code and your data
- Optional monthly support after launch

DONE-FOR-YOU

Ready-To-Use Products

Pre-built products you can switch on within days. Lower setup cost, monthly subscription, faster results.

- Configured to your branding and workflow
- Hosted, monitored, and updated by me
- Setup fee plus monthly subscription
- Cancel or upgrade anytime

How We Work Together

1

Free Discovery Call

30-minute call to understand your workflow and goals.

2

Scoped Quotation

Fixed quote based on agreed deliverables and timeline.

3

Build & Iterate

Weekly demos. You see progress and steer direction.

4

Launch & Support

Deployment, training, and optional ongoing support.

All prices in Philippine Peso (PHP). Third-party costs such as OpenAI usage, SMS gateways, domain names, and cloud hosting are billed at cost or paid directly by you.

SECTION 02 AI Agents

CUSTOM BUILD

Smart assistants that talk to your customers, qualify leads, book appointments, answer questions, and help your staff — across your website, Facebook Messenger, Instagram, WhatsApp, Viber, and even phone calls.

Website Chatbot (Questions and Lead Capture)

A branded chat box on your website that answers common questions and saves new leads to your email, Google Sheets, or CRM. Trained on your service pages, pricing, and FAQs.

PHP 15,000 – 42,000

One-time · 1 to 2 weeks

Multi-Channel Customer Support Agent

One AI assistant that replies on Facebook Messenger, Instagram, WhatsApp, Viber, and your website with shared memory, and can hand over to a human anytime.

PHP 42,000 – 117,000

One-time · 3 to 5 weeks

Lead Qualification Agent

Asks new leads a few smart questions, scores how serious they are, and sends hot leads straight to your sales team while saving cold ones for later.

PHP 32,000 – 87,000

One-time · 2 to 4 weeks

Appointment Booking Agent

Books, reschedules, and cancels appointments through chat. Connects to Google Calendar, Calendly, or your own booking system so double-booking never happens.

PHP 37,000 – 107,000

One-time · 2 to 4 weeks

AI Voice Agent (Phone Calls)

An AI that answers your phone, screens incoming calls, confirms appointments, or follows up on quotes — in English, Tagalog, or a mix of both.

PHP 77,000 – 247,000

One-time · 4 to 8 weeks

Internal Knowledge Assistant

A private AI that answers your staff's questions using your own documents (manuals, SOPs, contracts, policies). Always shows the source so the answer can be verified.

PHP 52,000 – 177,000

One-time · 3 to 6 weeks

Sales Follow-Up Agent

PHP 27,000 – 77,000

Automatically follows up with prospects across email and chat, adjusts its tone based on how they reply, and re-engages leads that have gone cold.	*One-time · 2 to 3 weeks*

AI Email Helper Reads your inbox, sorts emails by topic, drafts replies in your writing style, and flags urgent ones. You just review and click send.	**PHP 22,000 – 67,000** *One-time · 2 to 3 weeks*

SECTION 03 Workflow Automations

CUSTOM BUILD

Automations that connect the apps you already use (Google Sheets, Facebook, email, your CRM, your bank's invoicing app, etc.) to remove repetitive manual work.

Lead Capture and Notification When a lead comes in (website form, Facebook ad, etc.), it is saved automatically and the right person is alerted by Slack, email, or Viber.	**PHP 6,000 – 22,000** *About 3 to 7 days*

Invoice and Receipt Automation Automatically create invoices or receipts when a sale happens, send them to your customer, save them in your accounting tool or Google Sheets, and chase unpaid ones.	**PHP 10,000 – 32,000** *About 1 to 2 weeks*

Social Media Auto-Posting Post once and automatically publish to Facebook, Instagram, TikTok, and LinkedIn. Saves the data so you can see what is working.	**PHP 6,000 – 17,000** *About 3 to 7 days*

Low-Stock Alerts Watches your stock levels and sends an alert (or auto-generates a purchase order) when you are running low.	**PHP 8,000 – 25,000** *About 1 week*

Customer Review Request Loop After a sale or service, automatically asks your customer for a review by SMS or email. Bad feedback comes to you privately, good feedback gets posted on Google.	**PHP 8,000 – 22,000** *About 1 week*

Appointment Reminder System Sends reminders to clients before their appointment by SMS, Viber, or email. Tracks who confirmed, who rescheduled, and who did not show.	**PHP 13,000 – 37,000** *About 1 to 2 weeks*
Online Order to Fulfillment Sync When you get an order from Shopee, Lazada, or your own store, it syncs to your inventory, packing list, courier booking, and customer tracking notification.	**PHP 17,000 – 57,000** *About 2 to 3 weeks*
Document Reading and Data Entry Reads PDFs, receipts, IDs, or contracts using AI, pulls out the important details, and saves them into your CRM, Sheets, or accounting system.	**PHP 15,000 – 47,000** *About 1 to 3 weeks*
Daily and Weekly Report Automation Sends you a clean daily or weekly summary email pulled live from your tools — sales, leads, stock, support tickets — all in one place.	**PHP 10,000 – 32,000** *About 1 to 2 weeks*
Custom Internal Workflow Anything else you do manually that can be automated — staff onboarding, expense approvals, content publishing, partner notifications, and more.	**PHP 13,000 – 67,000** *Depends on scope*

Hosting for automations: shared cloud at PHP 800/month, or installed on your own server. Third-party fees (SMS, OpenAI, etc.) billed at cost.

SECTION 04 Business Systems

CUSTOM BUILD

Full operational systems built specifically for your business — not generic software. You own the code and the data.

Point-of-Sale (POS) — Retail Lite POS that runs on a tablet or browser. Handles sales, basic stock, multiple cashiers, daily reports, and works with receipt printers. Best for single-branch shops.	**PHP 57,000 – 147,000** *3 to 6 weeks*
Point-of-Sale (POS) — Restaurant Full	**PHP 147,000 – 447,000**

Restaurant POS with table layouts, kitchen display screen, split bills, modifiers, online ordering, and end-of-day reports.	*8 to 14 weeks*
Inventory Management System Track stock across multiple branches or warehouses, transfers, suppliers, purchase orders, expiry dates, and barcode scanning.	**PHP 77,000 – 247,000** *4 to 10 weeks*
Booking and Scheduling System Online booking, staff calendars, services and prices, deposits, automatic reminders, and no-show rules. Great for salons, clinics, studios, and service businesses.	**PHP 67,000 – 197,000** *4 to 8 weeks*
Customer Relationship Manager (CRM Lite) Contacts, sales pipeline, notes, tasks, email tracking, customer groups, and basic email or SMS campaigns. Built for small sales teams.	**PHP 87,000 – 277,000** *5 to 10 weeks*
Clinic Management System Patient records, appointments, queue, prescriptions, billing, basic medical records, and SMS or Viber confirmations. Designed with patient privacy in mind.	**PHP 117,000 – 397,000** *6 to 12 weeks*
Restaurant Order Management QR-code menu and ordering, table-side orders, kitchen tickets, online delivery integrations, and end-of-day reports.	**PHP 77,000 – 247,000** *5 to 10 weeks*
Membership and Loyalty System Member sign-up, point levels, rewards redemption, expiry rules, and a member portal. Works alone or with a POS.	**PHP 57,000 – 177,000** *4 to 8 weeks*
Custom Online Store Online store with product catalog, payments through GCash, Maya, Stripe, or PayMongo, shipping setup, and an admin panel.	**PHP 117,000 – 497,000** *6 to 14 weeks*
Fleet and Delivery Tracking	**PHP 147,000 – 497,000**

Driver app, dispatcher dashboard, live GPS, proof of delivery, route planning, and a tracking link for your customer.	*8 to 14 weeks*
HR and Payroll Lite Employee records, attendance (biometric or QR), leave requests, and payroll (compliant with Philippine SSS, PhilHealth, Pag-IBIG, and BIR).	**PHP 87,000 – 297,000** *5 to 10 weeks*
Custom Internal Tool or Admin Panel Anything else: dashboards, operations trackers, vendor portals, reporting tools, internal approval systems.	**PHP 57,000 – 347,000** *Depends on scope*

All systems include: deployment, a basic training session for your team, and 30 days of free bug-fixing after launch. The full source code is handed over once final payment is settled.

SECTION 08 Payment, Refunds & Discounts

Payment Terms

- 50% down payment to start the project (covers planning, scoping, and reserved time).
- 50% balance on launch and acceptance of the final deliverables.
- For larger projects, payment can be split into 3 milestones: 40% / 30% / 30%.
- Done-For-You products: setup fee paid upfront, monthly subscription billed on the 1st.

Accepted Payment Methods

Bank transfer to any major Philippine bank account. Bank details are shared on the official invoice.

Post-Launch Coverage

Every custom build includes a 30-day bug-fix window after launch. If a bug is found that comes from the original agreed scope, it is fixed for free. New features or scope changes after launch are quoted separately.

Refund Policy

> The 50% down payment is non-refundable once project work begins, because it covers planning, scoping, and reserved build time. The remaining 50% is refundable only for work that has not yet been delivered, calculated based on how much of the project was completed. Once the final deliverables are accepted in writing, no refund applies. Done-For-You subscriptions can be cancelled anytime with 30 days' notice; the current month is not refunded but no further charges will be made.

Discounts

- Annual prepaid Done-For-You subscription: 2 months free (about 17% off).
- Bundle discount: 10 to 15% off when ordering an industry bundle versus separate items.
- Referral credit: PHP 2,000 credit for every new client you refer who signs a project.
- [ADD ANY OTHER DISCOUNT YOU OFFER HERE]

SECTION 09 Ready To Talk?

> The next step is a FREE 30-MINUTE DISCOVERY CALL. We will go through your current workflow, what you want to fix, and which products in this catalog actually fit. After the call you receive a written, fixed-price proposal — no obligation.

What To Send Before The Call

- A short description of the problem you want to solve (1 to 2 sentences).
- Tools you already use (POS, CRM, Google Sheets, Facebook page, etc.).
- Rough business size: number of staff, daily transactions, customers per month.
- Any deadline or event that affects the timeline.
